Vision

To achieve the needs of the customers, as them to reach to the right market.

Our Aim

KKR helps to achieve the customers to drive their technology towards their best future needs.

Are you on the lookout for a reliable and affordable video production company in India? Your search ends with KKR Bose Design Services. We have successfully created a wide range of commercial videos for some of the leading companies and institutions in India. Videos are an excellent addition to any marketing and advertising endeavor or for any kind of corporate communication and we have the resources, skills and equipment required to deliver exactly what you need on time. Take a look below at the video production services that we offer.

Animation Video

Our range of video production services includes 2D/3D animation videos. Over the years, animation videos have risen in popularity among the audience, especially if it tells a story. Who wouldn't like cute, cuddly characters talking to each other? Such videos are especially great if you are trying to advertise products or services meant for the kids. However, a little element of animation when marketing products for adults will also win your brownie points.

We can create 2D, as well as, 3D explainer videos or even ad films. For 2D animation, we typically make use of animation in Flash and also utilize hand-drawn elements.

As for 3D animation, we have the required knowledge in computer graphics and a dedicated team to support us.

If you are looking for something out-of-the-box, we offer white board animation, which is a process of creating an innovative and unique story and story board with pictures drawn on a white board by artists. You just tell us the basic idea for your video and our artists will take care of the rest.

2D Animation

If you want to experience the magic of moving pictures KKR Bose Design Services can get you the best. We have a team with proven track record and vetted capabilities in-Pre-Production-Concept Development, Story Boards, Animatics, Production-Layout, background designs, Compositing, Post-Production-Editing & Final Mixing - Try us and you wouldn't want to try anyone else!

3D Animation

If you are searching for much more deeper and realistic animation you are at the right place. The 3D artists at KKR Bose Design Services are well versed with long feature movies, advertisements, website animations and video game animations. The 3D animation and modeling requires a completely different skill sets and we have different artists for 3D Modeling and Animation. clearly.

Whiteboard Animation

The whiteboard animation is a perfect option to represent the complex messages into simple, yet memorable way. The research has shown that the whiteboard animations can drastically improve memory recall in viewers as compared to normal talking head videos. The whiteboard animation is proven to be an effective tool to show all types of stuff, including corporate, educational, or just an introduction to any business or organization.

At New Thought IT Solutions, we offer the best whiteboard animation services and all our whiteboard animations are created by industry experts, combining expertise with creativity, to convey messages about products and services in more memorable, engaging way.

In the recent year, whiteboard animation videos have gained the popularity amongst the businesses as they can convey a message engagingly, entertainingly and clearly compared to reams of text. This is a type of animation where the illustrations appeared are drawn by a hand on a white background and accompanied by a human voice over to reinforce the ideas and messages being expressed. The whiteboard animation videos help to communicate thoughts and message more effectively and clearly.

Advertisement Video

The entire magic of a video lies in its production, as well as, execution to generate interest, engage and convert prospects into customers. A video must grab attention, especially marketing or advertising videos. With our long years of experience in the production of ad films, we know exactly how to fuel life and emotion into a brand. We, at KKR Bose Design Services, believe that promotional videos for business is a sophisticated tool for communication and if it is used wisely, it can help businesses increase their sales and brand presence. Our creative team closely works with our esteemed clients to understand their business needs, objectives and message that they wish to convey. Accordingly, a brainstorming session is held where we come with the content for the ad and make sure that it absolutely drool-worthy! If you want to carve a distinct niche for yourself, join hands with us.

ADVERTISEMENT FILM

Documentary Video

KKR Bose Design Services engages in documentary video making to help those who want to make a video or short film about something that they are extremely enthusiastic about. For a documentary video, you will have to formulate an idea for the film that is based on some real incident or a story that you want to tell the world. You need to have a clear-cut message. However, if you only have a basic idea and need to build-up on that, our professionals can surely lend a hand.

As the best TV film and video production company in India, we embark on a journey of thorough research on your topic to create a documentary film that is extremely engaging and real. Contact us and we can definitely elaborate on the idea that you have over a cup of tea/coffee.
