## Our Aim

KKR helps to achieve the customers to drive their technology towards their best future needs.

## Building Information Modeling Services - Architectural

At KKR Bose Design Services, we offer a complete range of BIM modeling services at competitive market rates. Through our services, we help our clients in analyzing and managing Building Information of any residential or commercial structure. We cover all pre-construction work during the life cycle of a project. We render services right from 3D BIM modeling to the extraction of Construction Drawings from the models. You will find the dedicated support of our staff from the start to the end of your project.

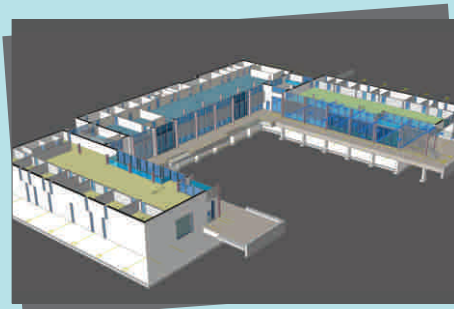

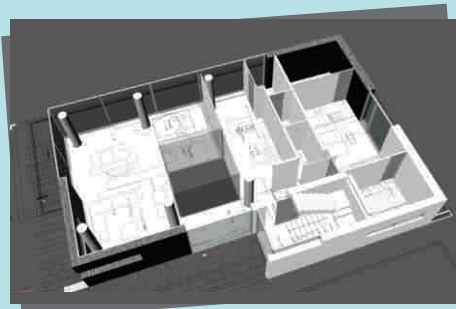

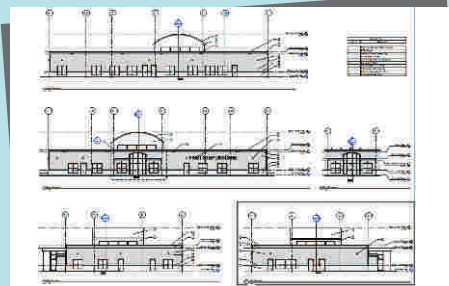

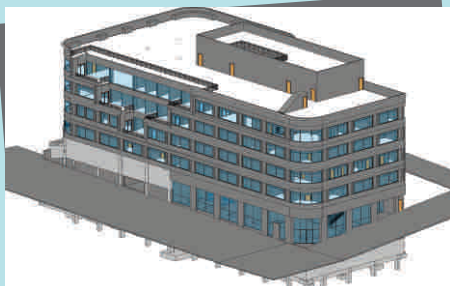

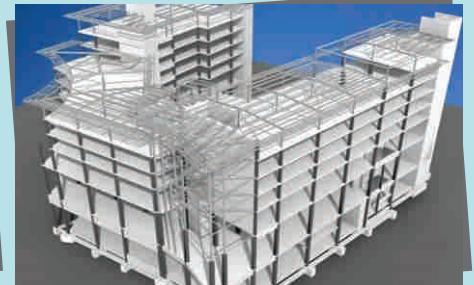

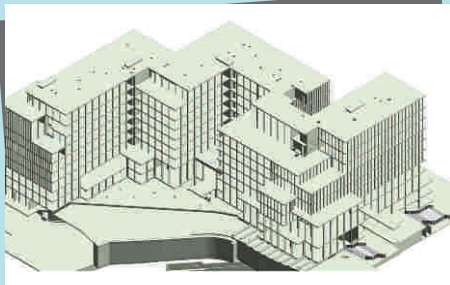

### We Offer End-to-end BIM Services

We have emerged as one of the top-rung names in the architectural BIM services industry owing to our commitment and loyalty to our clients. Our team of professionals offers full assistance, from planning, cost estimates and material management to co-ordination, prefabrication, asset management and more. Irrespective of the type of building you are constructing, you can count on our in-depth knowledge and expertise.

### We Render Quality Services Every Time

KKR Bose Design Services is extremely proud to be working with a fantastic team of engineers, architects, modelers and BIM specialists. By leveraging the vast experience of our team across various types of construction projects, we have emerged as one of the go-to building information modeling companies. We have a great eye for minute details and a stellar reputation of always delivering projects within deadlines.

Do you need 3D BIM models? You have come to the right place. Let us know your project requirements and we guarantee to not let you down. Do not forget to request us for a free quote.

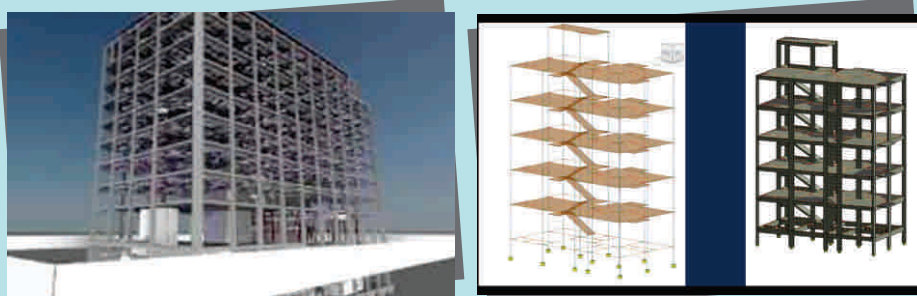

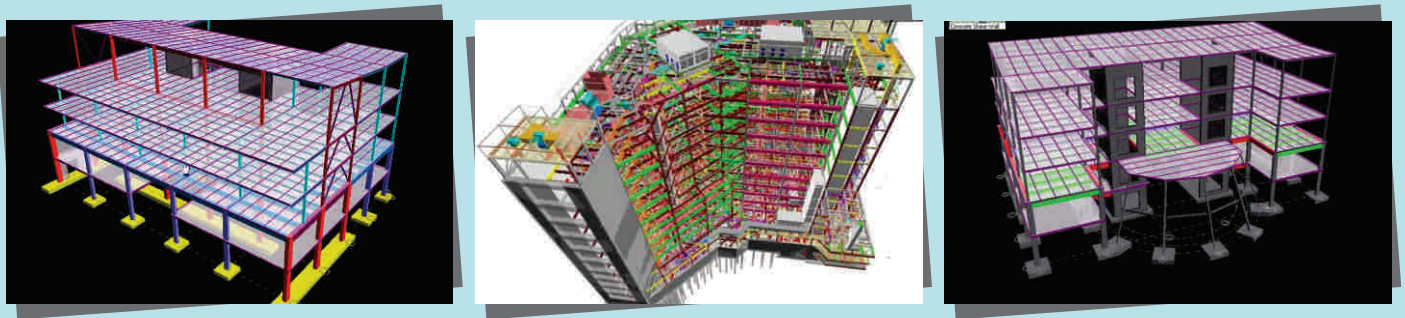

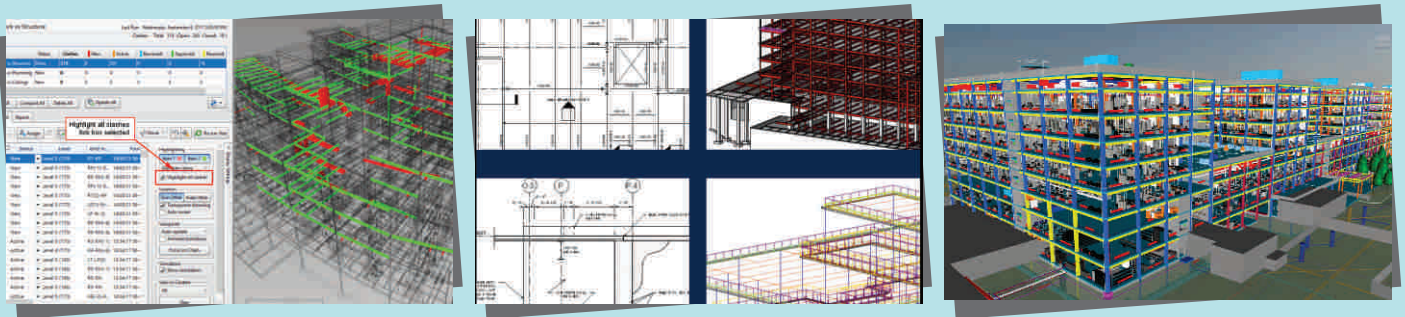

## Building Information Modeling Services - Structural

Our Structural Building Information Modeling services offer structured analysis and design, structural drafting, structural shop drawings, structural steel detailing and structural BIM modeling services to builders, general contractors and architectural firms.

Our structural engineers are expertise in providing BIM structural design engineering solutions to the construction industry. Being a well-known BIM consultant we can efficiently handle large structural projects in the planning and design phase of the project. The created 3D BIM models are very helpful to architects, mechanical, electrical and plumbing engineers.

Our Revit BIM consultants specialize in developing Revit 3D models & Tekla structures like retaining wall, steel beams and columns, steel angle, steel channel as well as concrete components like roof, slab, lintel, stair, core wall, shear wall, openings, ramp, curb, steel structure, material, and scheduling.

## Building Information Modeling Services - MEP

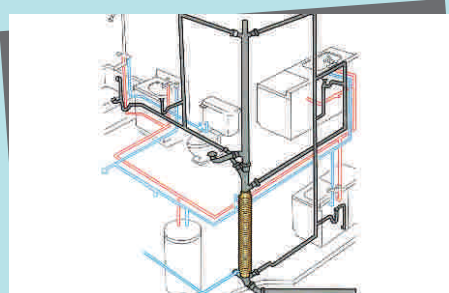

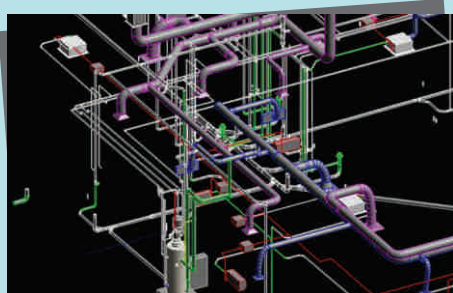

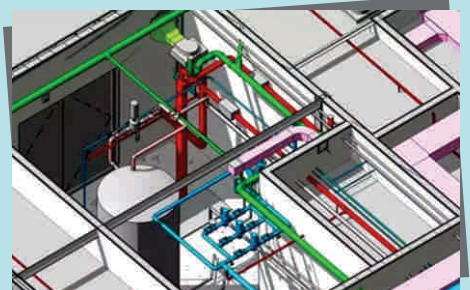

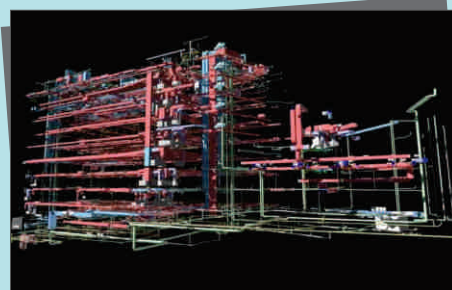

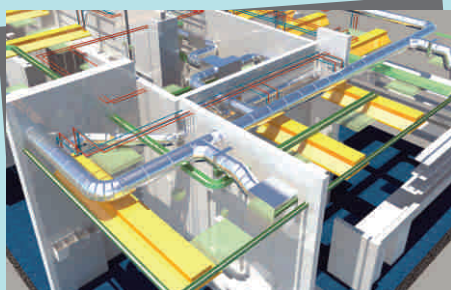

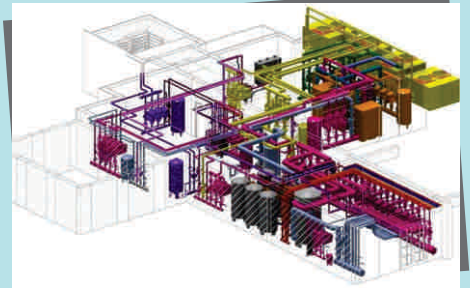

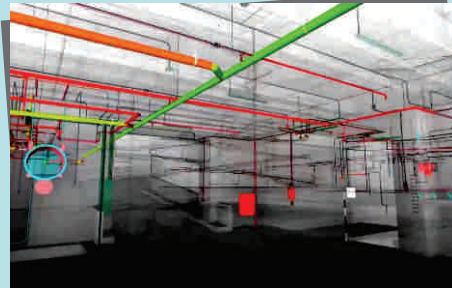

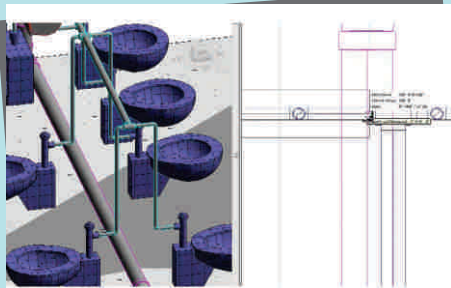

Are you looking for a dedicated MEP design services in India? You have come to the right place. KKR Bose Design Services provides top-notch quality MEP modeling, designing and drafting solutions to designers, as well as, contractors. We can offer our services on a standalone basis or as part of the complete design project. By engaging us, you will be able to ensure that your design is without a fault. Thanks to our decades of experience, we are able to stand out from the rest on the face of cut-throat competition.

**Our MEP Modeling and Drafting Solutions Encompass:**

- ▶ 2D and 3D MEP design drafting services according to the specifications of the building and in adherence with the industrial standards.
- ▶ The development of Revit MEP for plumbing and electrical equipment, as well as, HVAC by making use of Revit.
- ▶ Creating documents for the conceptual designs.
- ▶ Detecting clashes in the design and resolving issues.

Our MEP drafting services are not limited to the above-mentioned. We have experience in handling diverse projects including HVAC drafting, plumbing designs, HVAC duct design and more. By making use of the very latest technology, such as 3D Max and AutoCAD among other, we are able to always deliver top-notch results.

If you are in need of mechanical electrical and plumbing services, do not hesitate to get in touch with the experts at KKR Bose Design Services. We are proficient in offering customized solutions within budget requirements and will be happy to walk you through our processes.

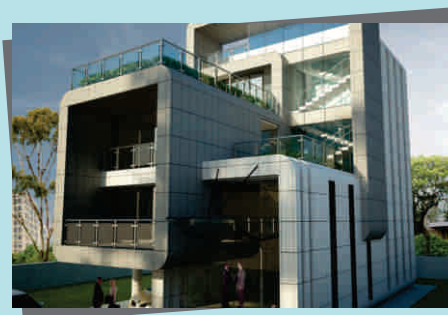

## Architectural Visualization & Walkthrough

KKR Bose Design Services is one of the most illustrious and reliable providers of 3D architectural walkthrough services. We provide high-quality, dynamic 3D walkthrough of design plans of diverse construction projects. With the help of our services, you will be able to get the chance of having a peep into the plan or design of your dreams. We will also assist in giving you a clear picture whether your imagination will actually work in reality or not. As a leading 3D walkthrough services company, we offer our services to both residential and commercial construction projects including malls, offices and more. Join us to take a virtual tour of the interior and exterior of your construction plan.

**We Help You to Identify Faults in Your Project Early On.**

Redoing the entire construction project again after its completion is seriously a daunting task and one that you never have to indulge in with our support. Our 3D walkthrough architectural services are aimed at helping architects and designers better understand the interior of a building that has not been constructed yet. An in-depth and better view of the model will provide you with opportunities to alter the flaws in the design, if any. Allow our experts to take you on a journey of witnessing your model building up close and personal.

At KKR Bose Design Services, we have the right team of experts to provide you with top architectural 3D walk through. As you view your project from every possible angle, you will be able to secure its success. Talk to us, today!

## Interior Visualization & Walkthrough

KKR Bose Design Services is one of the top-notch providers of 3D interior rendering services in India at reasonable rates. We have many years of experience and expertise in working on architectural 3D interior rendering design of residential, as well as, commercial projects. Thanks to our professional and committed team of professionals, we are able to handle projects of all sizes and complexities and emerge as the highly-revered 3D interior rendering company.

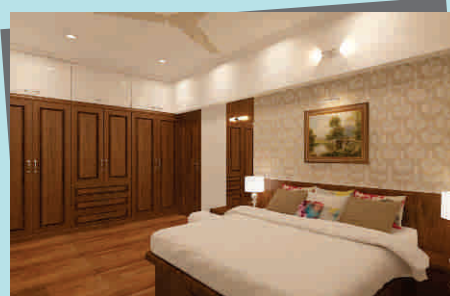

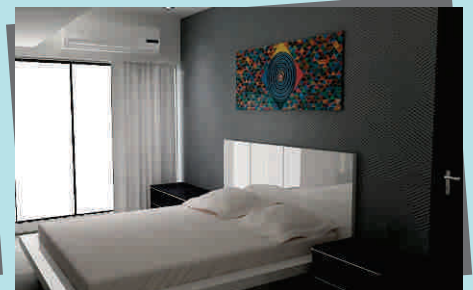

### We Transform Your Design Ideas into Reality

By making use of the power of visualization and cutting-edge technology, we look forward to enhancing your design ideas through our interior design rendering solutions in India. Combined with our in-depth knowledge and access to better tools, you will be able to showcase your design elegantly. Owing to our track record of success, real estate professionals, designers, architects and property developers consider us as the go-to company for 3D interior rendering.

### A Better View of Your Project with Our Help

Do you want your clients to instantly like your project? Why not give them a virtual tour of what they can expect inside? Join hands with us to create 3D interior visualization of your commercial or residential project that will facilitate improved communication with your client. When they see the inside of a building in front of them, albeit virtual, it will become easier to convince them of your visions. At KKR Bose Design Services, we hope to be with you at every step of the way to ensure that your project is a huge success.
